MAHODAYA (महोदय)

We are in sore need of your helping hand in promoting Ayurveda in Karnata in accordance with the best intentions of the Ayurveda Mahamandal. It would be beyond description to attempt to narrate the attempts of the Mahamandal to promote the welfare of the country. Send your Ayurvedic students to the Mahamandal for examination and your sons to us to be taught Ayurveda. Solicit the aid of the editors of newspapers for the publication of your translations of good works and of any other matter connected with Ayurveda. Collect old and rare books and send them to the Mahamandal. We solicit you to join our association which is itself a branch of the Mahamandal and do your best to promote the good of the country. Besides our Sahba is a branch of the All India Sanskrita Sahitya Sammelana, etc.

N. B. All matters connected with our Sabha will be published in the most well-known and widely read papers, such as, the Wealth of Mysore, Kanthirava and the Truth that are willing to do us some service in these matters.

Several State Officers, District Magistrates and Medical Officers of the Mysore State etc. have visited our dispensary and are of high opinion about this institution Many well-known and learned men of Calcutta and other cities have bestowed on us good certificates Gentlemen, we solicit you once more to bear in mind that the Sringeri Jahagir Authorities and the Government of Mysore have been pleased to bestow on us a grant of money every month.

I am at your service,

Vidwan K. Sesha Sastry,

Ayurveda Ratnam etc.

Owing to the want of space we cannot publish all our certificates; but still for the perusal of the public we publish one herebelow:—

B. SUBBANNA Esq., B A., B. L., District and Sessions Judge, Mysore Government Service, says:—

I visited Pandit K. Sesha astry's dispensary today and had a long conversation as to him on certain topics in Ayurveda I must say he is one of the few gentlemen who gave me a clear explanation rational and Sastraic of many points connected with these subjects. I expect a great deal more from him than what he has achieved hitherto. His dispensary appears to be very useful to the public of these parts but I would join Mr. Mylar Rao (Deputy Commissioner) in thinking that if he were able to take a few in-patients and record the effects of his treatment it would serve a great many useful purposes. I hope the Government and the Jahagir Authorities and the public also will render him all possible help.

Dewan of Mysore

Respected Sir,

The residents of Sringeri cannot be too thankful to the enlightened and paternal Govt. of His Highness the Maharaja for having graciously responded to their prayers by deputing the First member of the Council to Sringeri for the investigation into the several Complaints made by them in regard to the indisposition of His Holiness the Jagadguru and to the measures taken by His Holiness's representative locally for his recovery and also incidentally to enquire into the Causes that gave rise to serious allegations in the matter of Tahajja administration.

The First member was pleased to grant interviews, individually & Collectively to several of the Petitioners of whom Mr. Vidwan K. Shesha Sastry, may be prominently mentioned, and also pleased to take measures otherwise also to ascertain the truth of the various and diverse Complaints made by the Petitioners and also of the allegations made by Vidwan Kunigal

Ramasastry of Mysore, whose a
in the "Sampadabhyudaya" was un
warrantedly misleading and Cal
culated to give a wrong and false
impression, besides rendering the
position of His Holiness undignifie
in the minds of His Holiness and
disciples, While there is no room
to believe that on the occasion of the
Members Visit, Connlen attempts were
made to belittle the Character and
importance of the several petitions
and thus throw the Member on the wr
scent, the people are still anxious
to Convince the Govt of His Highness,
the best of their ability their bona
fide intention to urge the absolute
need there is for Change of person
in the Tahsildar administration. and
therefore beg leave to make the
following suggestion for favourable
consideration and orders: —

During the time of His late
Holiness, the Govt were pleased to or
certain arrangements for the adminis
tration of the Tahsildar which
proved Conveniently successful and
agreeable to all the people.

Mr. B. C. Krishna Sastry,
whose services were lent to the Tahsil
had disinterestedness and wisdom to
rise superior to the local factors
and parties, which unfortunately
exist for a number of years past,
and it is said, had the Courage to
represent to His late Holiness for fun
and unfettered action in the Matter of
Tahsildar administration and the

result was supremely successful, and even to this day, his administration is gratefully remembered by the people here

He is since retired from State Service and is leading a quiet and private life at Bangalore, but he still retains the vigour and energy and therefore, is it too much for Sringeri people to expect him his best for a few years more to the Jahagir work?

A proposal, the formation of a Council urged by the people as an absolute necessity to help His Holiness' representative for conducting the Jahagir affairs, the above suggestion to procure for the Jahagir the tried and trained services of Mr. Krishna Sastry as the president of the Council that is to come, if needs be, it is hoped will be graciously considered by the Govt. and ordered

In the event of refusal on the part of Mr Krishna Sastry which we hope quite unlikely in view of the fact that he happens to be a close relation of His Late Holiness - with certainly unbounded love and Veneration for the Institution, an arrangement may be kindly ordered to have in the Council ~~urged~~ an aged gentleman as a

eagerly expecting your Highness's kind order
we are expecting orders from your

Dear Sir,

First Member 72-124. 5.5.23. 4/2/5/23 After finishing the excise and toll-gate sales of Koppa and Haricharpura on the 25th & 26th instant, I went in the evening of the 26th to Sringeri to make enquiries about the health of His Holiness. I paid my respects to him at about 7 p.m. and found him in the reading room. His talk was quiet and calm. Though the conversation was brief and somewhat stiff there was nothing unusual about it. In the course of conversation, I suggested that it would be better to remain in a cooler place for some time to which His Holiness said that he had no objection.

Read 24.5.23

The next morning I went for consultation with the Agent, to Narasimha parvata a hill between ten miles of Sringeri a temporary summer residence of some of the previous Swamis and found the place decidedly cooler and in every way convenient. In the Evening when I went again to pay my respects to His Holiness and mentioned to him the advantages of the place, he took very kindly to my proposal and directed the Agent Mr Srikanta Sastri

to

Office of the Deputy Comm ss oner,
Kadur District.

Chikmagalur, Dated.....

to have the necessary Structures put up there. I have also issued orders to the Amildar of Koppa to help the Agent in arranging for proper watch etc.

My impression and that of the persons that are constantly in attendance on His Holiness are that he is less violent now in the mornings and is gradually improving. With the change in residence now proposed His Holiness may, in a few months, regain his mental Equilibrium.

Yours Sincerely,

Chikmagalur, Dated 24th May 1923

Dear Sir,

I accompanied the Revenue Commissioner and the Mysore Agricultural Commissioner to Koppa on the 20th to make enquiries of the health of His Holiness and returned yesterday.

2. We both of us were conversing with His Holiness for about a quarter of an hour. Though His Holiness appeared to be reduced in body to what I observed in His person the year before last month, I should say that there is good improvement in the mental capacity from the manner in which he answered our questions. Though His Holiness' pulse and heart action were not as they should be, on the whole I should say they are all right by a rigid observance of hygienic rules.

3. It was difficult to make His Holiness talk of his health. A climate would do him immense good. His disciples at Koppa are quite good in that respect. It was only when it was suggested that his disciples in Mysore and Bangalore should see him, he remarked " ಅವರಿಲ್ಲಿಂ - ನೋಡಲಾರರು."
